

# How to play the Game of Life in an online session?

Step 1: Share the jamboard link with the participants (make sure the edit option is switched on when sharing the link).

Step 2: Share google jamboard via screen sharing.

Step 3: Ask for four volunteers and give each volunteer one of the characters.

Step 4: Start the exercise and ask the Game of Life Questions. The volunteers can move their character one or two steps forward or backwards.

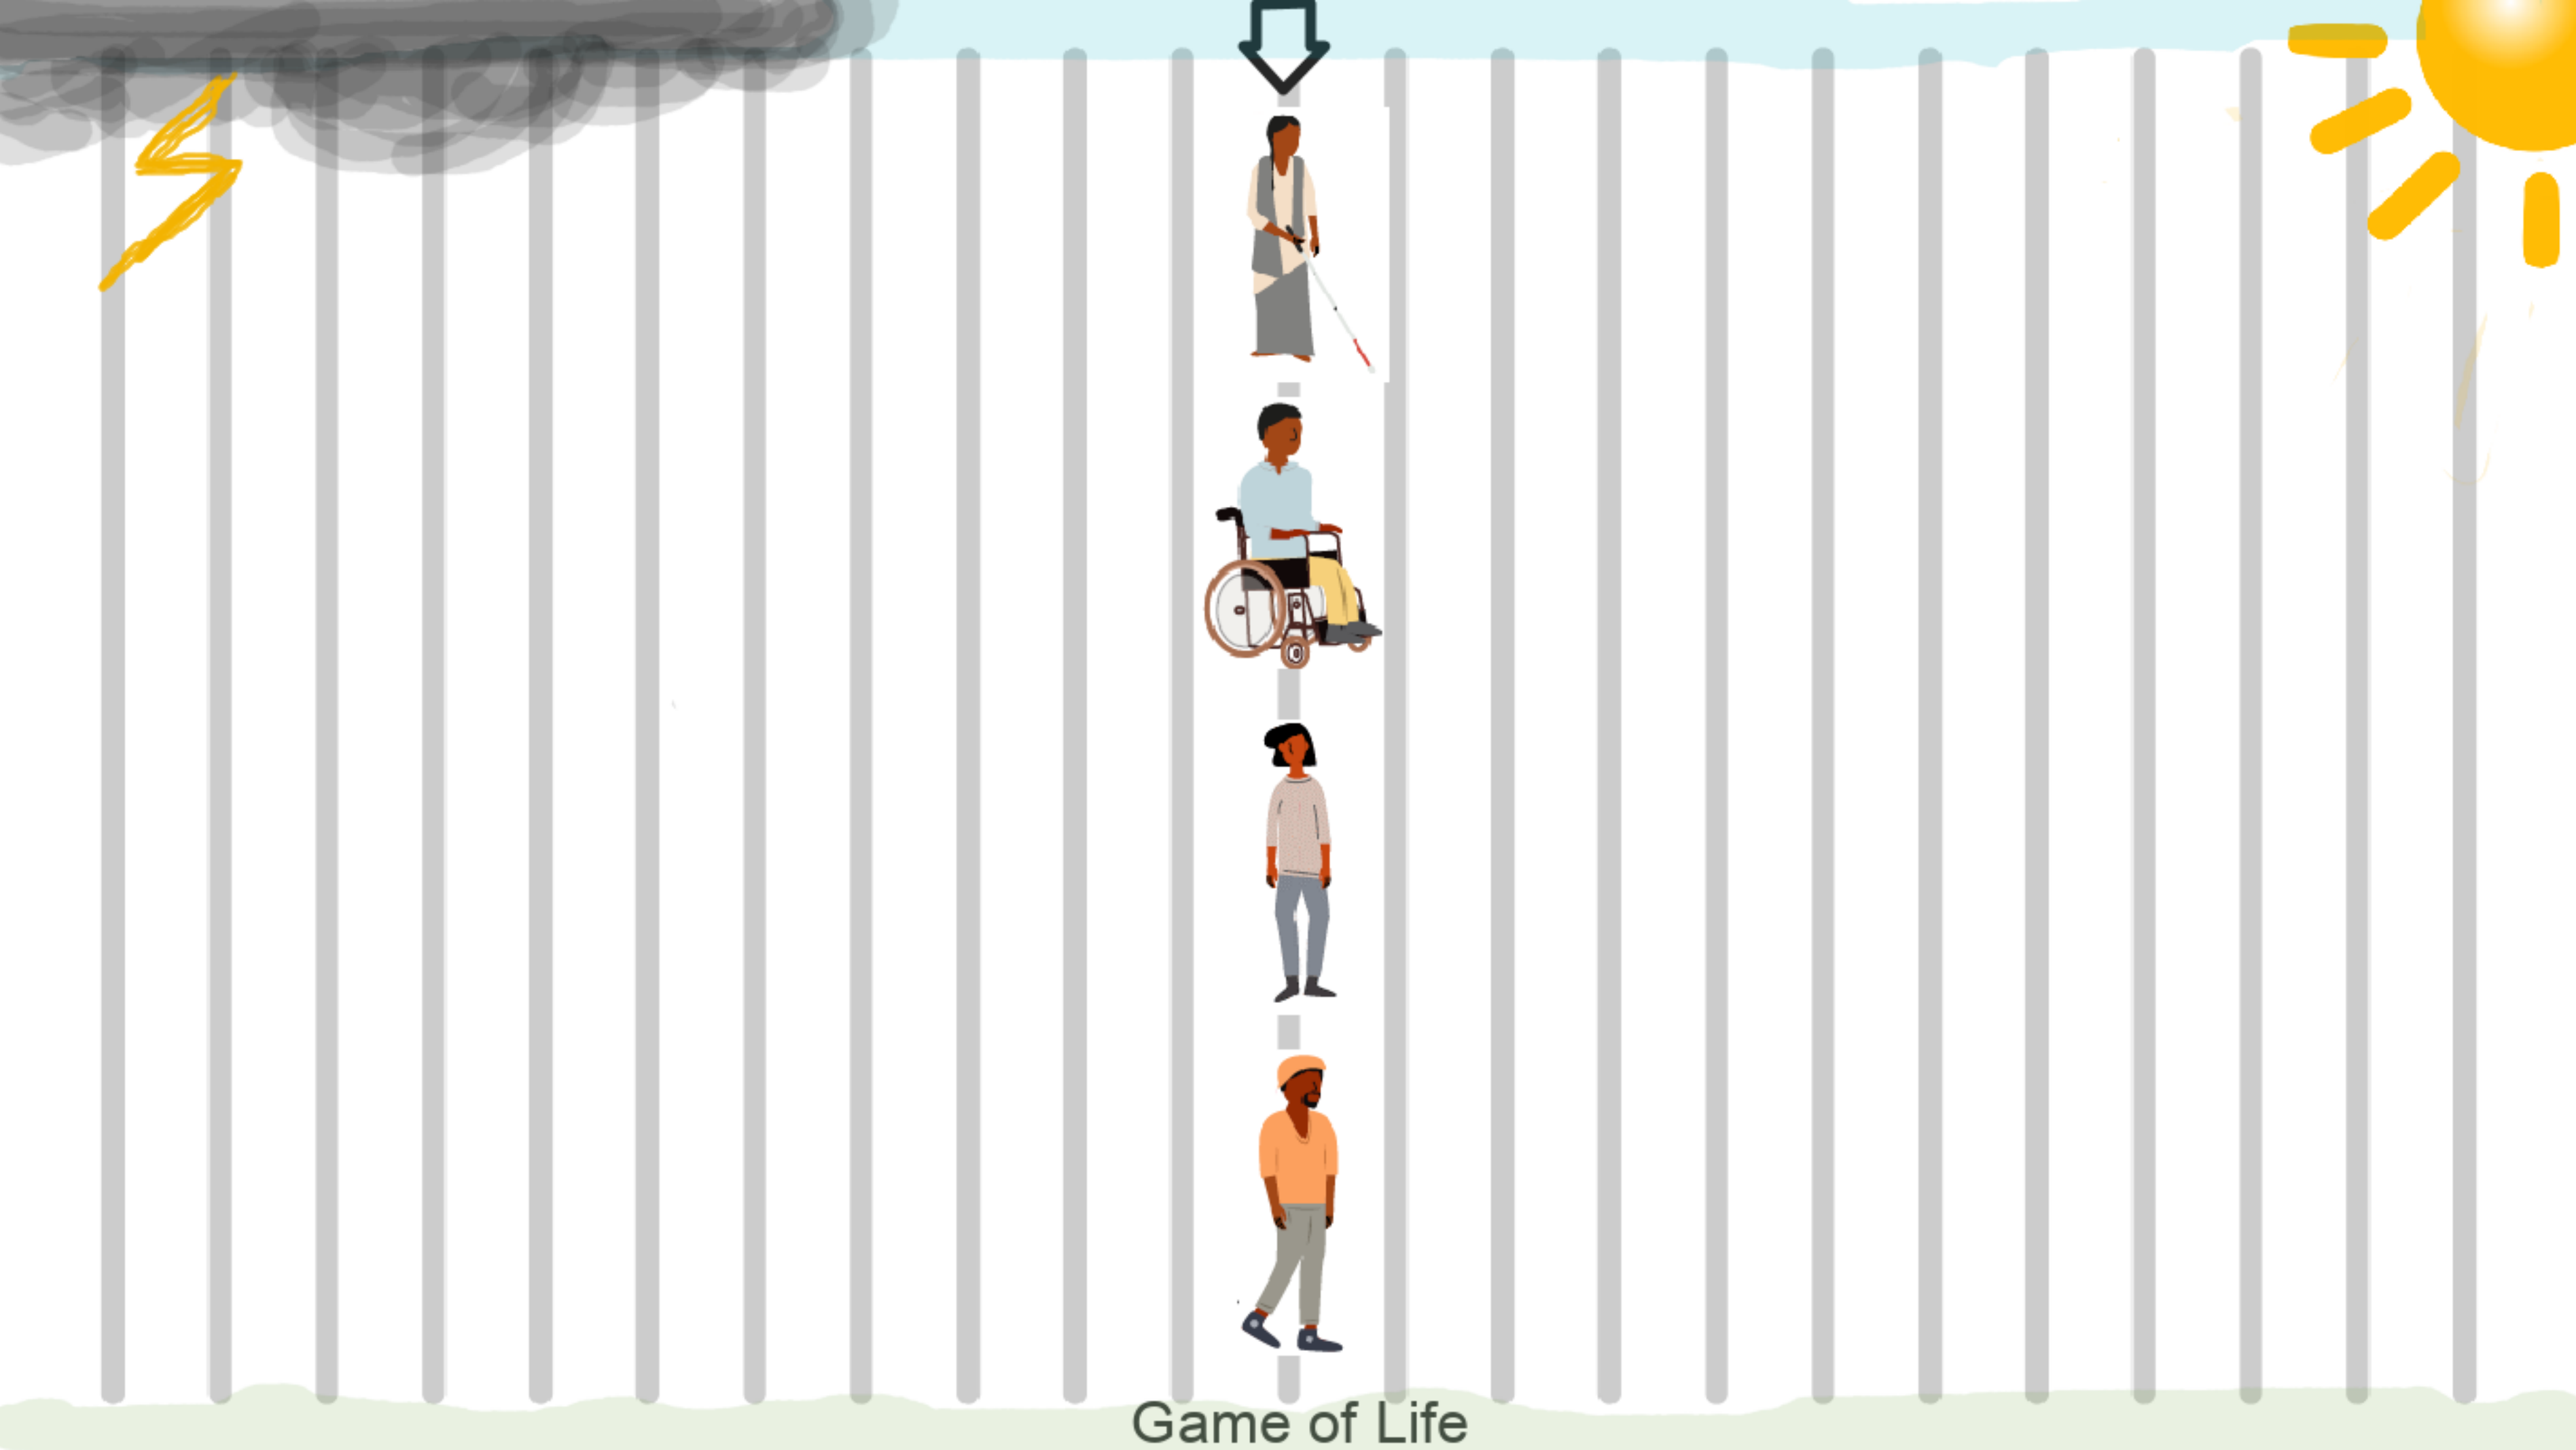

In order to set up your own Google Jamboard and share it with others you have to register at Google and open a Google Drive Account (Free of cost)

For a detailed description of the original Game of Life exercise. Check: [https://assets.worldvision.org.uk/files/8413/8053/8773/Training\\_Activity\\_4\\_game\\_of\\_life.pdf](https://assets.worldvision.org.uk/files/8413/8053/8773/Training_Activity_4_game_of_life.pdf)

Google Jamboard is very visual and not so easy to navigate for persons with visual impairments. If there are blind participants you have to give a good audio description of what is happening during the exercise.

This Google Jamboard is developed by Paulien Bruijn. If you want to use this jamboard in your training sessions, please send an e-mail to: [paulien@into-inclusion.nl](mailto:paulien@into-inclusion.nl). I can send you a link to an editable version.
